JOB POSTING - LANDSCAPE DESIGNER (PART - TIME / CONTRACT)

Hey there! Are you interested in working with a team that values integrity, craftsmanship, professionalism, customer service, and **design**? We (Zarcon Landscape) are looking for a talented individual to join our design team.

What can you expect!

- Work on residential, commercial and municipal landscape design projects
- Supportive team atmosphere where you are treated with respect
- To be rewarded for doing awesome work
- Flexibility (work from remote location / flexible work hours)

What do we expect from you?

- Effective communication
- Team work
- Ability to follow direction
- Problem solving and time management
- Responsibility and dependability
- High level of integrity
- Attention to detail
- Ability to work and meet deadlines independently

The Position – Landscape Designer

We are looking for highly motivated designers with excellent work ethic, awesome design skills and design software skills to back it up, all with attention to detail.

Job Duties / Responsibilities:

- Work directly with our Landscape Architect as well as other consultants
- Setup and create design drawings using CAD drafting software (See Requirements)
- Create and develop layout & materials, grading, planting plans along with construction details
- Model sites and landscape elements in 3d
- Package design drawings for presentations
- Perform other duties as assigned

Qualifications + Requirements:

- Minimum 3 - 5 years experience in landscape design industry
- Experience in residential, commercial and municipal sectors (with residential as focus)
- Excellent working knowledge of Land FX / CAD FX and/or AutoCAD (Land F/X preferred)
- Excellent knowledge and proficiency in SketchUp
- Experience with rendering software (Enscape / Lumion / D5)
- Hand drawing skills considered a valuable asset
- Working knowledge of landscape construction and materials considered a valuable asset
- Experience and working knowledge of Adobe Suite - specifically InDesign & Photoshop considered an asset
- Ability to work both independently with no supervision
